**Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this rate and Fee Schedule are share accounts.**

**1. Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Regular Share, Sub Share, Share IRA, Roth Conversion, Roth IRA, and Education IRA accounts, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the Credit Union's Board of Directors. For Money Market, Christmas Club and Share Draft accounts, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. The Money Market account is a Tiered Rate account. If your account balance is \$9,999.99 or below, the first Dividend Rate and Annual Percentage Yield listed for this account in the Rate Schedule will apply. If your account balance is from \$10,000.00 to \$49,999.99, the second Dividend Rate and Annual Percentage Yield listed for

this account will apply. If your account balance is greater than \$50,000.00, the third Dividend Rate and Annual Percentage Yield listed for this account will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for that balance range will apply to the full balance of your account. The Share IRA, Roth Conversion, Roth IRA and Education IRA accounts are Tiered Rate accounts. If your account balance is \$1,999.99 or below, the first Dividend Rate and Annual Percentage Yield listed for this account in the Rate Schedule will apply. If your account balance is \$2,000.00 or greater, the second Dividend Rate and Annual Percentage Yield listed for this account will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for that balance range will apply to the full balance of your account.

**2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

**3. Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first

calendar day of the period and ends on the last calendar day of the period.

**4. Accrual of Dividends.** For all accounts, dividends will begin to accrue on non cash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid. However, for Christmas Club accounts, any accrued interest will be paid if you close the account within seven (7) days of the date you open.

**5. Balance Information.** To open any account, you must deposit or already have on deposit at least the par value on one full share in any account. The par value amount is stated in the Fee Schedule. Some Accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Regular Share, Sub Share, Money Market and Share Draft accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance is not met, there will be a service fee as set forth on the reverse side. \*For Regular Share and Share Draft accounts, the service fee is waived when the member has a total balance of \$2,500.00 or more on any

combination of savings, checking or loans. For Money Market, Share IRA, Roth Conversion, Roth IRA, Education IRA and Share Draft accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. For all accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.

**6. Account Limitations.** For Regular Share and Sub Share accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month, and no more

than three (3) of these six (6) transfers may be made by check, draft, or debit card to a third party. If you exceed these limitations, your account may be subject to a fee or be closed. For a Christmas Club account, the entire balance will be paid to you by check or transferred to another account of yours on or after November 1 and the account will remain open. If you withdraw any of the account balance at any time, we will close your account and pay you the full account balance. For Money Market, Share IRA, Roth Conversion, Roth IRA, Education IRA and Share Draft accounts, no account limitations apply.

**7. Fees for Overdrawing Accounts.** Fees may be imposed on each check, draft, item, ATM card withdrawal, debit card point of sale purchase,

preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information.
